PRODUCT INFORMATION

Bond is a conference table designed by Jean-Marie Massaud. The name Bond refers to the possibility to concatenate and create a friendship bond with someone. This sums up the thought behind the series. Its simple and soft form invites people to meet. The design is minimalistic not to take focus from the individual. The elegant, modern cut and the clean form are modest yet have a self-evident attitude.

“The thought behind Bond was to create an inviting piece of furniture that did not claim too much attention but still had attitude. Everything is thought through in detail - the proportions, the quality in the lines. Bond does not need to prove anything. It is simply self-evident. It is everything you are”, says Jean-Marie Massaud.
