Introduction

A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

This information is divided into two sections, each signaled by a black bar. Product Information includes a description, additional notes, and dimensional drawings. Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table.

The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

General Information

This book is effective February 5, 2018, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit www.HermanMiller.com.

All prices are list prices. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

Dimensions shown in the drawings are engineering drawing dimensions rounded up to the nearest $\frac{1}{8}$ ". Product is shipped set up or knocked down. Products that include "Shipped knocked down" in the description require some assembly. If this statement does not appear in the description, the product is shipped assembled.

Service problems are normally handled by a Herman Miller authorized dealer. Where this cannot be accomplished on a local level, service problems should be referred to the Customer Care Representative for your region, Herman Miller, Inc., Zeeland, Michigan 49464.

20-Day or Less/Assigned Lead-Time Shipments

All products and options in this price book not designated by an Assigned Program icon  will ship in **20 business days or less** after being acknowledged by Herman Miller.

Products and options designated by an  are on the assigned lead-time program and may ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Product Information

Description

This rectangular table comes in multiple edge styles and has a laminate top with thermoplastic edge, laminate top with a thermoplastic backed plywood edge, veneer top and edge, or painted top and edge. It has multiple leg options, and is available with casters or glides. The caster option has 2 locking and 2 non-locking casters. Glides have 1/2" leveling range. Shipped knocked down.

Height-adjustable legs have a 5" range in 1" increments.

Notes

18" depth available with square edge only.

C-leg and D-leg cannot be used with either the 18" deep or 36" deep tops.

When specifying grommets (253, 254, 255), cutouts will be located in the center of table.

Cutouts available for all Connect™ power and data accessories (see Thrive® Portfolio). Cutouts will be located in the center, laterally, and approximately 3" from the rear edge of surface.

Reinforcement channels are used under table tops 54" and wider. They will be located along the center line for 18" deep and 24" deep surfaces, and 19" from the front edge for 30" deep surfaces.

For additional details on available edge options see Appendices.

For additional size, edge, finish, and cable management options, see Vary Easy Program in Appendices.

Note: UL listed when used with Connect single circuit electrical product (Y137x.) with post leg (P), T-leg (T) and C-leg (C) options.

Product Information

Description

This square table comes in multiple edge styles and has a laminate top with thermoplastic edge, laminate top with a thermoplastic backed plywood edge, veneer top and edge, or painted top and edge. It has multiple leg/base options, and is available with casters or glides. The caster option has 2 locking and 2 non-locking casters. Glides have 1/2" leveling range. Shipped knocked down.

Notes

48" tops available only with post leg option for optimum stability.

42" top (4242) with 4-column base (X) available only with glides.

Casters are not compatible with this top/base combination.

For additional details on available edge options see Appendices.

For additional size, edge, and finish options, see Vary Easy Program in Appendices.

UL listed when used with Connect™ single circuit electrical product (Y137x.) with post leg (P) option.

D-Shaped Table

DT1EE.
DT1ES.
DT1ET.

Product Information

Description

This D-shaped table comes in multiple edge styles and has a laminate top with thermoplastic edge, veneer top and edge, or painted top and edge. It has multiple leg options, and is available with casters or glides. The caster option has 2 locking and 2 non-locking casters. Glides have $\frac{1}{2}$ " leveling range. Shipped knocked down.

Height-adjustable legs have a 5" range in 1" increments.

Notes

Thin edge and eased edge tops available only with 30" deep surfaces. T-leg and T-leg with height adjustment cannot be used with 18" deep tops.

Cable grommet options available through Vary Easy Program for round pass through grommet with $2\frac{1}{4}$ " hole clearance. Holes are located 3" from rear edge and 6" from end for the L and R options. Covers not provided with painted surface option.

Cutouts available for all Connect™ power and data accessories (see Thrive® Portfolio). Cutouts will be located in the center, laterally, and approximately 3" from the rear edge of surface.

Reinforcement channels are used under table tops 54" and wider. They will be located along the center line for 18" deep and 24" deep surfaces, and 19" from the front edge for 30" deep surfaces.

For additional details on available edge options see Appendices.

For additional size, edge, and finish options, see Vary Easy Program in Appendices.

UL listed when used with Connect single circuit electrical product (Y137x.) with post leg (P) and T-leg (T) options.

Product Information

Description

This rectangular table comes in multiple edge styles and has a laminate top with thermoplastic edge, veneer top and edge, or painted top and edge. It has multiple leg options, and is available with casters or glides. The caster option has 2 locking and 2 non-locking casters. Glides have 1/2" leveling range. Shipped knocked down. Height-adjustable legs have a 5" range in 1" increments.

Notes

When specifying grommets (253, 254, 255), cutouts will be located in the center of table.

Cutouts available for all Connect™ power and data accessories (see Thrive® Portfolio). Cutouts will be located in the center, laterally, and approximately 3" from the rear edge of surface.

Reinforcement channels are used under table tops 54" and wider. They will be located along the center line for 18" deep and 24" deep surfaces, and 19" from the front edge for 30" deep surfaces.

For additional details on available edge options see Appendices.

For additional size, edge, finish, and cable management options, see Vary Easy Program in Appendices.

UL listed when used with Connect single circuit electrical product (Y137x.) with post leg (P), T-leg (T) and C-leg (C) options.

Product Information

Description
This classroom table comes in multiple edge styles and has a laminate top with thermoplastic edge, veneer top and edge, or painted top and edge. It has multiple leg options, and is available with casters or glides. The caster option has 2 locking and 2 non-locking casters. Glides have 1/2" leveling range. Shipped knocked down. Height-adjustable legs have a 5" range in 1" increments.

Notes
Cable grommet options available through Vary Easy Program for round pass through grommet with 2 1/4" hole clearance. Holes are located 3" from rear edge and 6" from end for the L and R options. Covers not provided with painted surface option. Reinforcement channels are used under table tops 54" and wider. They will be located along the center line for 18" deep and 24" deep surfaces, and 19" from the front edge for 30" deep surfaces. For additional details on available edge options see Appendices. For additional size, edge, finish, and cable management options, see Vary Easy Program in Appendices. UL listed when used with Connect™ single circuit electrical product (Y137x.) with post leg (P) and T-leg (T) options.

Flip-Top Rectangular Table

DT5AE.
DT5AS.
DT5AT.

Product Information

Description

This rectangular table comes in multiple edge styles and has a laminate top with thermoplastic edge, laminate top with a thermoplastic backed plywood edge, veneer top and edge, or painted top and edge. It has 2 paddles under the front edge that allow the surface to flip up, minimizing space for storage when not in use. The table has T-legs and is available with casters or glides. The caster option has 2 locking and 2 non-locking casters. Glides have 1/2" leveling range. Shipped knocked down.

Notes

Thin edge and eased edge tops not available with 18"-deep surfaces.
Cable grommet options available through Vary Easy Program for round pass through grommet with 2 1/4" hole clearance. Holes are located 3" from rear edge and 6" from end for the L and R options. Covers not provided with painted surface option.
Cutouts available for all Connect™ power and data accessories (see Thrive® Portfolio). Cutouts will be located in the center, laterally, and approximately 3" from the rear edge of surface.
Multiple tables can be nested for storage when surface is flipped up. First table in nest requires 23" of floor space. All additional tables require only 9" of additional space.
Table top overhangs the base by 2 3/4" on each end.
For additional details on available edge options see Appendices.
Only fabric modesty panel (Y1114.) will enable flip top table to fold as intended. It is the recommended modesty panel for use with flip top tables. It is full length and folds out of the way for table storage.
For additional size, edge, finish, and cable management options, see Vary Easy Program in Appendices.
UL listed when used with Connect single circuit electrical product (Y137x.) with T-leg (T) option.

Standard-Height Table Leg

DT2A.

Product Information

Description

This product is a kit of a full set of table legs with attachment hardware. It has multiple leg options, and is available with casters or glides. The caster option has 2 locking and 2 non-locking casters. Glides have 1/2" leveling range. Shipped knocked down.

Notes

Height adjustable table legs have a 5" range in 1" increments.

Tabletop must be no more than 30" deep and no less than 24" deep for C and D options. Tabletop must be no more than 36" deep and no less than 18" deep for P, A, and T options.

Tabletops 54" and wider are recommended to have a steel support channel.

Not recommended for tables wider than 84".

Table leg must be located such that the floor glides are not more than 3" from the front and rear sides for table stability.

Tabletop can over hang sides of table base by no more than 15" for tops 60" and wider.

1" long screws provided with base are recommended to attach to tabletop. Ensure mounting surface is no less than 1" thick.

Product Information

Description

This electrical distributor plugs directly into floor, wall, or ceiling drop outlets. Each module configuration presents the same visual appearance. Cable clips and attachment hardware included. Product is UL listed.

Notes

- Cable clips for cord management are intended for a 1-time installation.
- Clamp versions can be reoriented in the field by a technician.
- A small LED light illuminates through the USB ports when the USB version is plugged in and powered.
- USB ports provide 10-watt power to charge most devices and tablets at full speed.
- Cord color is predetermined. For white (G1) finish cords will be white. For graphite (G1) finish cords will be black.
- Grommet mount attachment (Y1414.xxxG) does not come with the mini grommet. Order Logic mini grommet (Y1412.) separately, as needed.

Logic C1000 Universal Clamp Mount Distributor

Y1423.

Product Information

Description

This Logic Power Access Solutions™ clamp mounted electrical distributor comes in several widths and configurations of simplex receptacles and USB charging ports. The unit is powered using a standard power cord with plug end or a hard-wired connection with electrical conduit. Data cords can be routed through the integrated opening at the rear of the unit. Product is UL listed.

Notes

Clamp mounts on worksurfaces 1"-1 1/4" thick.

Faceplate color matches unit color.

Simplex receptacles have alternating orientation and greater than normal plug spacing to accommodate most plug types.

USB ports supply 10-watt power and will charge most small electronic devices. Software in each device controls that devices ability to accept a charge via USB.

Logic G1000 Grommet Mounted Electrical Distributor Y1425.

Product Information

Description

This Logic Power Access Solutions™ grommet mounted electrical distributor comes in several widths and configurations of simplex receptacles and USB charging ports. The unit is powered using a standard power cord with plug end, a hard-wired connection with electrical conduit, or an IEC connector when used with Renew™ Sit-to-Stand tables. An integrated cord keeper at the face of the unit captures data cords. The unit pivots from a closed position to 135° allowing easy access to power and data cords stored beneath the unit. Product is UL listed.

Notes

Field cutting of grommet cutout is possible.

IEC connector for Renew power type (C) includes short cord designed to connect to the Renew table power cord through-leg option. Actual cord length may vary.

Simplex receptacles have alternating orientation and greater than normal plug spacing to accommodate most plug types.

USB ports supply 10-watt power and will charge most small electronic devices. Software in each device controls that devices ability to accept a charge via USB.

Refer to Renew™ Sit-to-Stand Tables and Locale® planning guides for specific application information.

20' cord/conduit length (20) is recommended for Exclave® applications.

Product Information

Description
 This electrical distributor can grommet-mount flush in a surface, or clamp-mount to the edge. It can be configured with several combinations of simplex receptacles, data openings, and USB charging ports. The distributor is available with a power cord with plug end, or electrical conduit for hardwire connection. A voice/data adapter kit is included, allowing the data openings to accept various manufacturers' couplers and jacks. Attachment hardware and cord/cable clips are also included. Product is UL listed.

Notes

Field cutting of surface may be required. Information on surface cutout size is included on instruction sheet.
 Silver option (oI) and white option (oJ) have painted metal trim with white plastic simplex/data interiors. Black option (oH) has black painted trim with black plastic simplex/data interior.
 Overall width for distributor with 4 openings is 8" wide. Overall width for distributor with 6 openings is 11" wide.
 USB port charges at 2.1 amps.

Modesty Panel

Y1113.

Product Information

Description

This modesty panel attaches to a table, desk, peninsula, or work surface. It has a solid MDF core with a laminate or veneer surface, aluminum top rail and attachment brackets. Cable trough is optional. Attachment hardware included.

Notes

Specify modesty panel to be equal to surface width, or 6" less than surface width of a height adjustable table.
 Modesty panel dimension is approximately 10" high with width specified in step 1. Actual width 1/4" less than specified value.
 Modesty panel is field installed.
 Brackets are located to work with Connect™ 2-circuit power system.
 Modesty panel (Y1113.) may impede ideal folding functionality of flip top table (DT5Ax.). For use with flip top table, modesty panel (Y1114.) is recommended. It comes only with a fabric surface.

Logic C1000 Universal Clamp Mount Distributor

Y1423.

Product Information

Description

This Logic Power Access Solutions™ clamp mounted electrical distributor comes in several widths and configurations of simplex receptacles and USB charging ports. The unit is powered using a standard power cord with plug end or a hard-wired connection with electrical conduit. Data cords can be routed through the integrated opening at the rear of the unit. Product is UL listed.

Notes

Clamp mounts on worksurfaces 1"-1 1/4" thick.

Faceplate color matches unit color.

Simplex receptacles have alternating orientation and greater than normal plug spacing to accommodate most plug types.

USB ports supply 10-watt power and will charge most small electronic devices. Software in each device controls that devices ability to accept a charge via USB.

Logic G1000 Grommet Mounted Electrical Distributor Y1425.

Product Information

Description

This Logic Power Access Solutions™ grommet mounted electrical distributor comes in several widths and configurations of simplex receptacles and USB charging ports. The unit is powered using a standard power cord with plug end, a hard-wired connection with electrical conduit, or an IEC connector when used with Renew™ Sit-to-Stand tables. An integrated cord keeper at the face of the unit captures data cords. The unit pivots from a closed position to 135° allowing easy access to power and data cords stored beneath the unit. Product is UL listed.

Notes

Field cutting of grommet cutout is possible.

IEC connector for Renew power type (C) includes short cord designed to connect to the Renew table power cord through-leg option. Actual cord length may vary.

Simplex receptacles have alternating orientation and greater than normal plug spacing to accommodate most plug types.

USB ports supply 10-watt power and will charge most small electronic devices. Software in each device controls that devices ability to accept a charge via USB.

Refer to Renew™ Sit-to-Stand Tables and Locale® planning guides for specific application information.

20' cord/conduit length (20) is recommended for Exclave® applications.

Logic Mini Grommet

Y1412.

Product Information

Description

This Logic Power Access Solutions™ plastic grommet is available in mini rectangle or mini square configuration. The integrated flaps can hide the things below the surface while also retaining power and data cords.

Notes

This grommet is installed in some HermanMiller applications. Verify your application before ordering grommet separately.

Connect™-Ganging Bracket Kit

Y1338.

Product Information

Description

This kit has 2 clips that attach to the underside of 2 adjacent surfaces, ganging them together to provide stability and allowing electrical components to be routed from 1 surface to another. Finish is black.

Notes

Ganging bracket kit should not be used on 18"-deep Everywhere™ tables.

Product Information

Description

This electrical distributor mounts flush in a surface and has a one-touch pop-up mechanism for accessing power and data. It has 2 simplex receptacles and 2 data openings, and is available with a power cord with plug end, or electrical conduit for hardwire connection. A voice/data adapter kit is included, allowing the data openings to accept various manufacturers' couplers and jacks. Attachment hardware and cord/cable clips are also included. Product is UL listed.

Notes

Field cutting of surface may be required. Information on surface cutout size is included on instruction sheet.

Distributor with PVC-free wiring option (LZ) is Cradle to Cradle Silver Certified.

Connect™ - S710 - Connect Single
Circuit Power Unit Y1371.

Product Information

Description

This dedicated modular single circuit electrical distributor mounts flush in a surface and has a one-touch pop-up mechanism for accessing power and data. It has 2 simplex receptacles and 2 data openings and a 60" cord. A maximum of 8 single circuit electrical distributors can be daisy chained per power entry. A voice/data adapter kit is included, allowing the data openings to accept various manufacturers couplers and jacks. Attachment hardware and cord/cable clips are also included.

Notes

Field cutting of surface may be required. For information on surface cutout size, see included instruction sheet.

UL listed when used in conjunction with most Everywhere™ fixed height tables.

To gang tables together per electrical code requirements, order ganging bracket kit (Y1338.) separately.

Order single circuit power entry (Y1377.) separately.

Where lengths of greater than 60" are needed, order single circuit jumpers (Y1378.) separately. Each single circuit jumper counts toward the 8 allowed electrical distributors per power entry.

Connect™ Single Circuit Electrical Power Entry Y1377.

Product Information

Description

This standard receptacle 15-amp power entry provides power for single circuit electrical distributors. Up to 8 single circuit modular electrical distributors can be daisy chained and connected in any order. If more than 8 units are connected to this power entry, the system automatically shuts down and a red LED illuminates. A green LED indicates that more units can be connected and the system is ready. Standard attachment hardware is included.

20-Day or Less/Assigned Lead-Time Order Information

20-Day or Less and Assigned Lead-Time Programs

20-day or less and assigned lead-time products are designed for established Herman Miller dealers with pre-approved credit.

Products are distributed from multiple manufacturing facilities across the United States. All products and options not designated by an Assigned Lead-Time icon **A** will ship in 20 business days or less after being acknowledged by Herman Miller. Products and options designated by an **A** are on the assigned lead-time program and will ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Ordering Procedure

Please place orders through Order Manager. If this is not available to you, place orders through mail or fax. Verbal purchase orders will not be accepted.

Order Entry fax number for Passage®, 5000 Series, and Meridian® Filing and Storage: (616) 846 9236.

Order Entry fax number for all other products:
(616) 654 3085.

For more information, contact your Customer Care representative at:
(866) 854 3048 EXT 3400.

Shipments and Delivery

Per Herman Miller Terms and Conditions.

Changes and Cancellation

Per Herman Miller Terms and Conditions.

Vary Easy Program

Program Overview

Vary Easy is a program designed to help dealers specify standard products with a larger breadth of options. For example, depending on the type of product being specified, choices include additional size, finish, edge types, and cable management features. Vary Easy 3D, specIT, and third-party text-based specification packages support the Vary Easy program. Vary Easy 3D enables designers to create a 3D image, CAD symbols, and a price book page. A Vary Easy product number is assigned for each product as the user selects specific options. Once the product is completely specified, the order can be submitted via Kiosk's Order Manager or a dealer's business system.

Accessing and Specifying Vary Easy

To view the full product vocabulary, go to the Vary Easy Product Offering on Kiosk. To specify Vary Easy, go to the Vary Easy 3D website on Kiosk, specIT, or your third-party text-based specification package.

Once you've made your product line selection, continue to follow through each option and enter the specific options that represent the product you need. When the product is fully specified, Vary Easy will generate an orderable product number and instantly calculate a price.

Note: Failure to completely specify a product will cause a delay in order acknowledgements. Be sure to make a selection for all options offered.

The acknowledgement process for Vary Easy products is the same as for any standard order. Vary Easy products ship with a standardized lead time and are competitively priced.

For more information, contact your Customer Care Line at (866) 854 3048 EXT 3400.

Stain-to-Match Program

Stain-to-Match Program

Program Overview

The Stain-to-Match program gives you the option of using veneer finishes that are not listed in the standard offering. The program allows Herman Miller to match a customer's existing recut or natural veneer, or create a new finish that is unique to an installation.

Specific information on approval, ordering, pricing, and warranty for the Stain-to-Match program is listed below. Questions and requests for assistance may be directed to Herman Miller Options at:

(800) 654 3910

Stain-to-Match Process

1. Fill out the Options Stain-to-Match Request Form and send along with a color sample (2" x 3" minimum) to the Herman Miller Options Applications Team at the address provided on the form. The form can be found on Omni.
2. Within 7-10 working days, Herman Miller Options will send a sample of the color-matched stain on Herman Miller veneer to the requester for the customer's signed approval.
3. If the sample meets the customer's approval, sign the reverse side of the sample, scan and email the approval to:
options@hermanmiller.com.
4. After the stain has been approved, a formal quotation with special number and pricing can be provided, or the product can be specified through the Vary Easy program, if available. Work with the Options team on final product needs and how to specify.
5. A purchase order can then be placed.

Stain-to-Match Warranty

Herman Miller warrants its products to be free from defects in craftsmanship from the date of delivery for the applicable warranty period. Herman Miller is responsible for the physical properties of the veneers available through the Stain-to-Match program, which include:

- STA: Stain-to-Match on Recut Ash
- STB: Stain-to-Match on Beech
- STC: Stain-to-Match on Cherry
- STD: Stain-to-Match on Oak
- STK: Stain-to-Match on Reltech Anigre (Geiger)
- STM: Stain-to-Match on Recut Mahogany
- STP: Stain-to-Match on Maple
- STU: Stain-to-Match on Walnut (Geiger)

See your specification tool for product specific finish offering limitations.
