Everywhere™ Tables for Collaboration

Designer

Dan Grabowski

Modular and mobile, Everywhere Tables can be set up or rearranged in minutes, making them ideally suited for spaces that support collaboration. Push together a group of tables for larger team efforts, or separate them for breakout sessions. Push the tables out of the way; the flip-top base option makes nesting easy. When they aren't needed, Everywhere Tables can be stored efficiently, thanks to their flip-top base option. With a versatile kit of parts, which includes a variety of bases and top shapes, you can create Everywhere Tables in practically any size and shape you want.
