## Antonio Citterio, 2011

Jointly developed by Vitra and Antonio Citterio, the lounge chairs Repos and Grand Repos introduce a new level of comfort and flexibility to the home environment: with their generous padding, inviting armrests and high backrest, these elegant swivel-based lounge chairs impart an image of supreme comfort.

Repos

Thanks to the synchronised mechanism concealed beneath the upholstery, sitters can move from an upright posture to a reclined angle for resting and lock the backrest in any position. The resistance of the backrest can be manually adjusted to the user's weight. This ensures great comfort and optimal spinal support across the entire range of movement.

Repos, Grand Repos and Ottoman are available in two different seat heights.

The large and exceptionally comfortable Repos armchair is available with fabric or leather covers, in a selection of colours. Thanks to its elegantly understated design, it is perfectly at home in a wide range of lounges, lobbies or relaxation areas in modern, open office spaces.

#### Materials

- Chair/body: moulded polyurethane foam with webbed plastic frame and integrated synchronised mechanism with locking device.
- Base: four-star base in die-cast aluminium, polished or powder-coated finish.
- Neck pillow: filled with feathers.

#### Panchina

Panchina is a small upholstered bench that can serve as a practical seating option or as a footrest for Repos and Grand Repos, thereby enhancing the extraordinary comfort of these armchairs.

- Panchina (both sizes): plywood board, polyurethane foam and polyester fibre.
- Legs: die-cast aluminium, polished or powder-coated finish.
- Glides: only available with plastic glides.

**Grand Repos** 

Jointly developed by Vitra and Antonio Citterio, the lounge chairs Repos and Grand Repos introduce a new level of comfort and flexibility to the home environment: with their generous padding, inviting armrests and high backrest, these elegant swivel-based lounge chairs impart an image of supreme comfort.

Thanks to the synchronised mechanism concealed beneath the upholstery, sitters can move from an upright posture to a reclined angle for resting and lock the backrest in any position. The resistance of the backrest can be manually adjusted to the user's weight. This ensures great comfort and optimal spinal support across the entire range of movement.

Repos, Grand Repos and Ottoman are available in two different seat heights.

A synchronised mechanism concealed beneath the upholstery of the Grand Repos wing chair ensures continual back support at every angle of inclination and can be locked in position. This relaxing feature is enhanced by attractive, rounded contours for utmost comfort. Also available in a slightly higher version, Grand Repos is a perfect choice for upscale lounges and lobbies.

#### Materials

- Chair/body: moulded polyurethane foam with webbed plastic frame and integrated synchronised mechanism with locking device.
- Base: four-star base in die-cast aluminium, polished or powder-coated finish.
- Neck pillow: filled with feathers.

#### Repos Ottoman

As a companion piece for Repos and Grand Repos, the Ottoman enhances the extraordinary comfort of these lounge chairs by allowing users to put their feet up and relax.

- Ottoman: plastic panel, polyurethane foam and polyester fibre.
- Four-star base: die-cast aluminium, polished or powder-coated finish.
- **Glides:** fitted with plastic glides for soft floors or felt glides for hard floors.

#### **Petit Repos**

Petit Repos adds a low lounge chair to the family of chairs by Antonio Citterio. Like the Grand Repos and Repos lounge chairs, it is distinguished by its high-quality materials, outstanding comfort and contemporary design. Petit Repos has an integrated flexible back connection, allowing the sitter to lean back and sink into the chair for even more comfort. The dignified club chair cuts a fine figure in public spaces as well as in the home. For both areas of use, covers are available in a range of different materials.

#### Materials

- **Chair/body:** moulded polyurethane foam with plastic frame.
- Four-star base: polished or powder-coated die-cast aluminium, swivel.
