## GRAFO

Designed by Victor Vasilev

Grafo comes from the designer's desire to endow a soft object with the "identifying mark" of the iconic products of the MDF Italia collection. A pure, straightforward graphic quality – part of the company's philosophy – has been the source of inspiration for the project. Grafo is a modular system. Three sofa, eight upholstered elements and three complementary coffee tables allow endless solutions to be developed in accordance to the free, creative interpretation of the customer. Special contrasting stitching on the edges available in white, medium grey and anthracite. The folding backrest built into the module ensures height regulation. The system is completed by a wide range of cushions.

### STRUCTURE

The structure is made of solid wood and plywood with a base equipped with elastic belts. The filling is in variable density polyurethane foam, polyester padding and down. Coffee table modules are made of aluminium and top in matt white or black Fenix®.

### COVER

The contrasting graphic stitching that distinguishes and identifies the Grafo collection is the mark on all the upholstered sectionals and the cushions. Available in white, medium grey and anthracite, the stitching can be freely selected by the customer. The fabric cover is specially made for maximum softness and covers every part of the sofa. Completely removable.
