2018

The personality and distinctive character of Jaime Hayon remain present in this extension of the successful Aleta family, which is inspired by the appearance and movement of sharks.

It has expanded to include a new lounge chair, a bistro table and a chair with armrests, available in several heights and finishes and perfect for collaborative spaces that require great comfort.

Jaime Hayon

Spanish artist-designer Jaime Hayon was born in Madrid in 1974. After studying industrial design in Madrid and Paris he joined Fabrica – the Benetton-funded design and communication academy in Italy- in 1997 where he directed the design department until 2003. Hayon set up his own studio practice in the year 2000 and dedicated himself fully to his personal projects from 2003 onward, today he is one of the most acclaimed creators worldwide.

He has created furniture ranges for iconic danish company Fritz Hansen, Magis, Established and Sons, Bisazza, B.D. Barcelona, Se London, Bernhardt Design, Ceccotti and Moooi. Hayon has designed various lighting fixtures collections for Metalarte and also in collaboration with Swarovski and Baccarat. He has created accessories for Piper Heidsieck, Gaia and Gino and The Rug Company. He designed his first wristwatch collection for a new Swiss watch brand OROLOG which launched in late 2013. These collections have put Jaime at the forefront a new wave of creators that blurred the lines between art, decoration and design and a renaissance in finely-crafted, intricate objects within the context of contemporary design culture.

With offices in Italy, Spain and Japan, Hayon's main interest is to find challenges and new perspectives continuously.
