TECHNICAL INFO

Calibrated steel structure powder coated in thermoreinforced polyester in black or white.

Four star aluminium legs on the base.

Table top available in different measures, materials and thickness:

- 15 mm thick MDF table top, veneered or lacquered with the finishes of our collection.

- Low Pressure Laminate (LPL) thickness 19 mm with 1.5 mm PVC edge, in white or black.

- 12 mm thick compact laminated table top. The edge can be in white or black. With a black edge, the surface of the tabletop can be white or black; for a white edge, it can be white.

- High Pressure Laminate (HPL) thickness 19 mm with 1.5 mm PVC edge, in white or black.

N.B: The height of the table varies according to the thickness of the different table tops. The height indicated below refers to the MDF table.
