

SCREW

Inspired by the materials and processes of the Industrial Revolution, Screw is made from a cast iron tripod base. The steel thread allows for multiple heights by simply spinning the top. Suitable for outdoor and indoor use. Available as a Stool and Table bases.

Process

The tripod base is made from sand cast iron. The process involves compacting sand into a casting box around a tool which is carefully removed by hand. Liquid iron is poured into the cavity to form the shape. Once solidified, it is machined steel thread and powder-coated black to finish.

Cleaning Instructions

Clean with a soft damp cloth no abrasive agents. Assemble on a soft cloth to avoid scratching the frame.
