Canvas Office Landscape®
Channel

Canvas Channel delivers power and data in a minimal, freestanding architectural form. Designed for use with height-adjustable tables and freestanding storage, Channel provides simple boundary for individual workstations. They can be linear, 90-, or 120-degree arrangements. Intuitive access to power and data lets people connect easily. And, Channel complements all products in the Canvas Office Landscape platform.

Benefits
• Intuitive access to power and data
• Flexibility in creating workstations
• Pairs with tables and storage

Warranty
12-year, 3-shift

Key Features

1. A slim, low-profile foot design complements the base of height-adjustable tables and freestanding storage.

2. Screens come in a variety of materials and two profiles providing choices for boundary.

3. Tiles are available in several materials, and in either to-the-floor or open base options.

4. Power and data can be located above or below low storage for convenient access.

5. Linear, 120- and 90-degree configurations

6. Low boundaries and refined aesthetic to support work activities without visual distraction.
