#### A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

## Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

#### Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

This information is divided into two sections, each signaled by a black bar. Product Information includes a description, additional notes, and dimensional drawings. Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

#### The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table. The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

#### General Information

This book is effective February 5, 2018, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit www. HermanMiller.com.

All prices are list prices. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

Dimensions shown in the drawings are engineering drawing dimensions rounded up to the nearest  $^{1}/_{8}$ ". Product is shipped set up or knocked down. Products that include "Shipped knocked down" in the description require some assembly. If this statement does not appear in the description, the product is shipped assembled.

Service problems are normally handled by a Herman Miller authorized dealer. Where this cannot be accomplished on a local level, service problems should be referred to the Customer Care Representative for your region, Herman Miller, Inc., Zeeland, Michigan 49464.

#### 20-Day or Less/Assigned Lead-Time Shipments

All products and options in this price book not designated by an Assigned Program icon A will ship in **20 business days or less** after being acknowledged by Herman Miller.

Products and options designated by an A are on the assigned leadtime program and may ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

#### Description

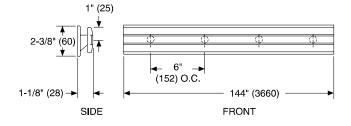

This assembly attaches to a wall and supports Co/Struc hanging components. It includes a 12' rail, a 12' cover strip, a 12' back plate, 25 stand-offs, and 5 spacers.

#### Notes

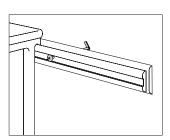

To attach assembly to wall, order rail hardware (CO28441, or CO28541) separately.

To finish end, order end cap for standard or seismic rail (CO<sub>338</sub>) separately.

When seismic components are required, order seismic wall rail (CO<sub>479</sub>) instead of standard rail (CO<sub>282</sub>).

#### Description

This aluminum rail attaches to a wall and supports Co/Struc hanging components. It includes a 12' rail, a 12' cover strip, a 12' back plate, 26 stand-offs, and 5 spacers.

#### Notes

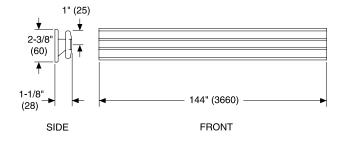

Order rail for areas requiring seismic components, when attaching to studs 16" on center, or when attaching to plaster in accordance with OPA-0117 in California.

To meet the conditions of appropriate OPA, refer to the OPA document for specific hardware. For other applications, order rail hardware (CO28441, or CO28541) separately.

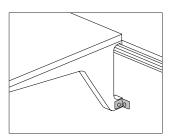

Order additional seismic components separately:

• End cap for standard or seismic rail (CO338)

Field drilling is required for proper installation.

#### Description

This panel has a vertical raceway for routing and concealing electrical wires and communication cables between the floor and a wire chase rail. It has a 48"-high recessed filler, hanger frames at 1" intervals to support components, and 6 knockouts: 3 at the floor level and 3 at 47" above floor level. It cannot accept the 3- or 4-circuit electrical system and cannot be used with an Action Office® Series 2 corner connector.

#### Notes

To supply power from both sides of panel, order wire chase rail (C1313. or C1314.) separately and mount 48" above floor.

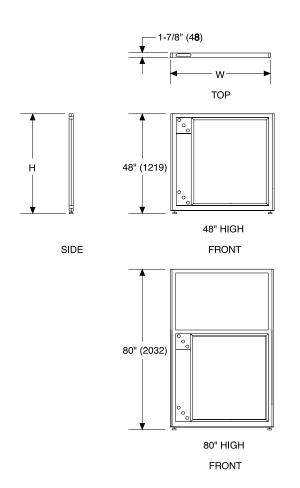

For power feed to wire chase rail mounted at heights other than 48", field cut removable cover on 1 side of vertical raceway.

Order draw rods (AO215.) or seismic draw rods (CO215.) separately.

To attach panels of unequal height, order change of height draw rods (AO219.) and change of height panel/panel finished ends (AO272.) separately.

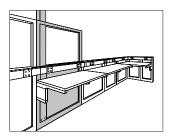

To join 2 support panels of equal or unequal heights at a  $90^{\circ}$  angle, order 2-way  $90^{\circ}$  corner connector (C1221.) separately.

To join 3 support panels of equal or unequal heights at a 90° angle, order 3-way 90° corner connector (C1231.) separately.

#### Description

The center point of this 60"-wide panel attaches at a 90° angle to other panels and provides support to a panel run. Each panel has adjustable glides, finished ends, and a 48"-high recessed filler and hanger frames at 1" intervals to support components. The panel has an area between the filler and the rear edge of an attached work surface for passage of wires or tubes.

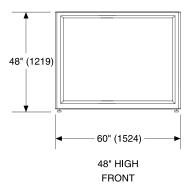

The panel is available in 2 heights. The 80"-high panel supports a locker; 48"- and 80"-high panels support work surfaces and other 60"-wide components.

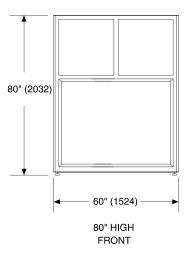

#### Notes

To support locker, order 2 adapter rails (C1610.) separately.

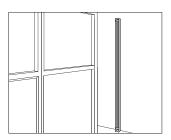

To connect to panel at 90° angle, order draw rod (AO215.) separately. Order draw rods (AO215.) or seismic draw rods (CO215.) separately.

#### Description

This aluminum rail attaches to 1 side of an equal-width module or support panel and provides 1 or 2 cable management channels. It cannot be used with an Action Office® Series 1 or 2 connector.

#### Notes

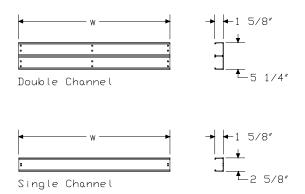

Order connection components separately:

- Wire chase rail bridge (C1326. or C1327.) to connect across mid-run support panel or back side of 3-way connector
- 90° inside corner wire chase rail (C1321. or C1322.) to connect around 90° inside corner

Order wire chase rail covers (C1315., C1316., C1317., or C1318.) and rail end cap (C1331. or C1332.) separately.

Receptacles must be customer supplied.

#### Description

This work surface hangs from a panel, module, or wall strips and is available as laminate or solid surface. The work surface, when supported by work surface supports has a top-loading capacity of up to 200 pounds. The solid surface option, when supported by sink products has a top-loading capacity of 250 pounds. Appropriate sink products and work surface supports must be specified and ordered separately.

#### Notes

For laminate option (L), order standard duty work surface supports (C2140.S) separately.

For solid surface option (K), order 1 of the following products separately:

- ADA sink support, systems mounted (C2520.)
- Sink module (C2512.)
- Sink unit for storage (C2513.)
- Work surface support, standard duty (C2140.S)

Work surface with solid surface option (K) will not accept a storage case (C5040.) without storage case leg (C5050.).

To support a 30" deep work surface installed on wall strips, a storage case (C5040.) with storage case leg (C5050.) is required. Order separately.

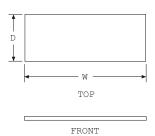

Work surface with solid surface option (K) has a matte gloss level and includes a backsplash.

When hanging work surface with laminate option (L) from wall strips, order recommended backsplash (C2910.) separately.

Order optional products separately:

- Drawer bearer package (CO228)
- Gripper package (CO266), for laminate (L) option only
- Keyboard/Mouse Support, Adjustable (Y7710.)
- Lockable drawer bearer (CO396)

#### Description

This work surface is supported by heavy duty work surface supports, allowing it to hang from a panel, module, or wall strips. It has a top-loading capacity of up to 400 pounds. It can hold drawers and includes drawer bearers. Appropriate heavy duty work surface supports must be specified and ordered separately.

The work surface can be specified as laminate, Chemsurf®, stainless steel, Corian®, or phenolic resin. A 51"-wide surface has a 3" overhang on the left or right side to fill the gap created by a mid-run support, C-series 3-way connector, or interface connector. A 96"-wide surface includes 1 additional support bracket. The 24"-wide surface cannot accept components.

#### Notes

Order heavy duty work surface supports (C2140.H, C2140.W, C214.R) separately.

For stainless steel option (S), order 1 of the following products separately:

- Heavy duty work surface support, with component adapter (C2140.W)
- Heavy duty work surface support, component adapter ready (C2140.R) Work surface with phenolic resin option (P) or Corian option (K) must use work surface supports (C2140.) heavy duty, with component adaptor (W) or heavy duty, component adaptor ready (R) options. Finish color on phenolic resin option (P) is black.

Work surface with solid surface option (K) has a matte gloss level.

Work surface with phenolic resin option (P) or Corian option (K) includes a backsplash.

Work surface with phenolic resin option (P) is 1" thick and includes spacers for transitioning to adjacent, non-resin surfaces.

To support a 30" deep work surface installed on wall strips, a storage case (C5040.) with storage case leg (C5050.) is required. Order separately.

When hanging a work surface with laminate option (L) or Chemsurf® option (C) from wall strips, order recommended backsplash (C2910.) separately.

Work surface supports the following quantities of drawers, C frames, or storage cabinets:

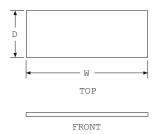

- 24" wide: 1 drawer or 1 C frame
- 30", 36" wide: 1 drawer, 1 C frame or 1 storage cabinet
- 48", 51", and 60" wide: 2 drawers, 2 C frames, or 2 storage cabinets
- 72" wide: 3 drawers, 3 C frames, or 3 storage cabinets
- 96" wide: 4 drawers, 4 C frames, or 4 storage cabinets

24"-wide work surface will not accept a storage case (C5040.) or storage unit (C5010.).

Work surface with phenolic resin option (P) or stainless steel option (S) will not accept a keyboard/mouse support, adjustable (Y7710.).

Order optional products separately:

- Drawer (CO207, CO208, or CO209)
- Keyboard tray (Y7710.), except for stainless steel (S) and phenolic resin (P) surfaces
- Pencil drawer (Ao48o.)
- Storage case (C5040.) and adapter rail (C1610.), except for phenolic resin (P) surfaces
- Storage unit (C5010.) and component adaptor (C2193.)

#### Description

This set of supports allows a standard- or heavy duty work surface to hang from a panel, module, or wall strips.

#### Notes

Supports for standard duty surfaces include the following:

Surface Width—Supports

24"-60" wide - 2 supports (1 left and 1 right)

72" wide — 3 supports (1 left, 1 middle, and 1 right)

96" wide - 4 supports (1 left, 2 middle, and 1 right)

Supports for heavy duty surfaces include the following:

 $Surface\ Width-Supports$ 

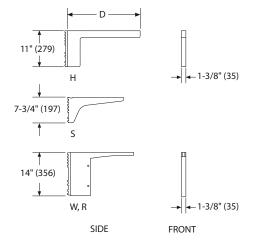

24"-72" wide — 2 supports (1 left and 1 right)

96" wide — 3 supports (1 left, 1 middle, and 1 right)

For standard duty option (S), order standard duty work surface (C2142.) separately.

For heavy duty options (H,W, or R), order appropriate heavy duty work surface (C2141.) separately.

#### Description

This 30"-deep height-adjustable table has a laminate or Chemsurf® top. The electrically driven assembly has a 15" travel range from  $26^1/_2$ " to  $41^1/_2$ ". The table base is equipped with a motor, height-control box, and  $8^1/_2$ ' power cord. It has a load capacity of 400 pounds when weight is evenly distributed. The table is available with leveling glides or 4" casters with brakes. It is UL listed for the U.S. and Canada. Attachment hardware is included. Shipped knocked down.

A riser frame attaches to the table base to provide upright support for hanging components. The table includes 1 stretcher to support a C frame or storage unit. The 48"-wide workstation has 1 set of drawer bearers; 60"- and 72"-wide workstations have 2 sets of drawer bearers.

#### Notes

60"- and 72"-wide riser frames require a riser frame divider for overhead storage components. See Co/Struc Planning Guide for information.

Order storage components (to hang on stretcher) separately:

- B-style shelf (CO521.)
- C frame (CO205)
- Drawer (CO207, CO208, or CO209)
- Storage unit (C5010.)

Order workstation storage components separately:

Reagent shelf (C4327.)

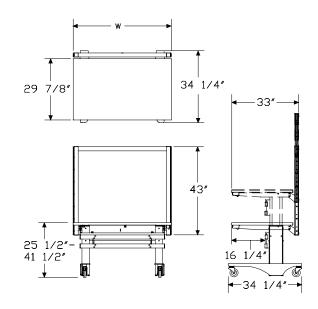

Order overhead components (to hang on riser frame) separately:

- B-style shelf (C3011.)
- Equipment rail (C1172.)
- Flat panel mount (C4324.)
- Marker board (C4323.)
- Power strip (C4322.)
- Riser frame divider (C4320.)
- Riser frame end cover (C4321.)
- Shelf unit (C5020. or C5021.)

Order Action Office® overhead components separately. See Co/Struc Planning Guide for information.

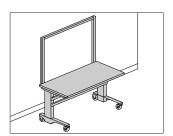

When specifying a Chemsurf® finish, the corresponding frame finish is as follows:

- For warm grey neutral Chemsurf (JD), warm grey neutral (WN) frame.
- For light tone Chemsurf (KH), light tone (LT) frame.
- For inner tone light Chemsurf (KR), inner tone light (HF) frame.
- For soft white Chemsurf (LE), soft white (LU) frame.

# Process Table, Electric Height Adjustment

C4313.

#### Product Information

#### Description

This height-adjustable process table has a laminate or Chemsurf® top. The electrically driven assembly has a 15" travel range from  $26^{1}/_{2}$ " to  $41^{1}/_{2}$ ". The table base is equipped with a motor, height-control box, and  $8^{1}/_{2}$ ' power cord. It has a load capacity of 400 pounds when weight is evenly distributed. The table is available with leveling glides or 3" locking casters. It is UL listed for the U.S. and Canada. Attachment hardware is included. Shipped knocked down.

The table includes 1 stretcher to support a C frame or storage unit.

#### Notes

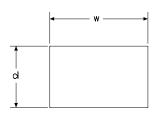

Order storage components separately:

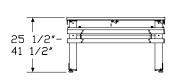

- B-style shelf (CO521.)
- C frame (CO205)
- Drawer (CO207, CO208, or CO209)
- Reagent shelf (C4326.)
- Storage unit (C5010.)

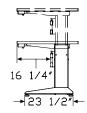

When specifying a Chemsurf® finish, the corresponding frame finish is

- For warm grey neutral Chemsurf (JD), warm grey neutral (WN) frame.
- For light tone Chemsurf (KH), light tone (LT) frame.
- For inner tone light Chemsurf (KR), inner tone light (HF) frame.
- For soft white Chemsurf (LE), soft white (LU) frame.

#### Description

This freestanding table base is available at seated height (29" high) and standing height (36" high), has 2 C-legs, a steel modesty panel, and 1" adjustable glides. Base finishes come in both metallic and standard healthcare finishes. Work table surface and available reagent shelf are ordered separately. The table has a load capacity of 500 pounds when weight is evenly distributed. Shipped knocked down.

#### Notes

If casters are desired at initial purchase, Options is recommended as a solution to maintain 29" and 36" heights. Casters are also available as a service part if replacing glides with casters is desired in the future.

At lowest glide adjustment, actual height of table with glides and work surface is 283/4" for a 29" seated-height table base and 353/4" for a 36" standing-height table base. Actual height of table with casters and work surface is 31.4" for a 29" seated-height table base and 38.4" for a 36" standing-height table base. Order casters as a service part.

Clearance from front of table to modesty panel is 241/4" for a 30"-deep work surface and 181/4" for a 24"-deep work surface.

Order work table surface (C4700.) separately:

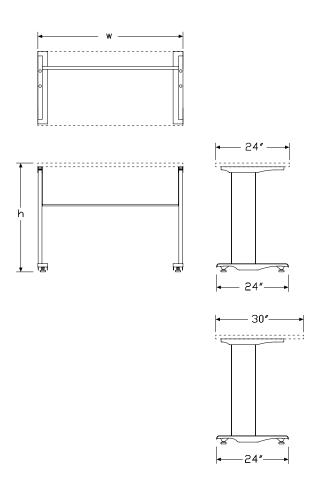

- 24" and 30" depths, and 48", 51" (left and right), and 60" widths are compatible with table bases 24" deep  $\times$  48" wide.
- 60" wide work table surface overhangs on center of a 48"-wide table base.
- 51" wide (left and right) work table surfaces overhang left or right of a 48"-wide table base.
- Order drawer bearers separately, with work table surface.

#### Order separately:

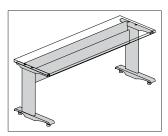

- Work table reagent shelf (C4900.).
- Cord cleat (G1331.).
- Cable management trough (AO382.).

To accommodate a refrigerator, a 36"-high table base is recommended. Refrigerators 21.34" wide or less can be used with 1 set of adjacent drawer bearers for a 3" or 6" drawer (CO207, CO208) only.

Due to the nature of the paint for metallic finishes (CN, MS), the end finish is more prone to show a light blemish or texture change on the top of the table foot when light hits it directly. This is normal as a result of the metal transition from the weld underneath.

#### Description

This freestanding table base is available at seated height (29" high) and standing height (36" high) and has stretchers to support C frames, drawers, and storage units. Table base comes with 1" adjustable glides. Base finishes come in both metallic and standard healthcare finishes. Work table surface and available reagent shelf are ordered separately. The table has a load capacity of 500 pounds when weight is evenly distributed. Shipped knocked down.

#### Notes

If casters are desired at initial purchase, Options is recommended as a solution to maintain 29" and 36" heights. Casters are also available as a service part if replacing glides with casters is desired in the future.

At lowest glide adjustment, actual height of table with glides and work surface is  $28^3/4$ " for a 29" seated-height table base and  $35^3/4$ " for a 36" standing-height table base. Actual height of table with casters and work surface is 31.4" for a 29" seated-height table base and 38.4" for a 36" standing-height table base.

Order work table surface (C4700.) separately:

- 24" deep  $\times$  36" wide base is only compatible with a 24" deep  $\times$  36" wide work table surface.
- 24" deep  $\times$  48" wide base is compatible with a 24" deep  $\times$  48", 51" (left and right), 60" wide work table surface.
- 24" deep × 72" wide base is only compatible with a 24" deep × 72" wide work table surface.
- 30" deep x 36" wide base is only compatible with a 30" deep x 36" wide work table surface.
- 30" deep  $\times$  48" wide base is compatible with a 30" deep  $\times$  48", 51" (left and right), 60" wide work table surface.
- 30" deep × 485" wide base is only compatible with a 36" deep × 72" wide work table surface.
- 30" deep  $\times$  72" wide base is only compatible with a 30" deep  $\times$  72" wide work table surface.

60" wide work table surface (C4700.) overhangs on center of a 48"-wide table base.

51" wide (left and right) work table surfaces (C4700.) overhang left or right of a 48"-wide table base.

Order drawer bearers separately, with work table surface (C<sub>4</sub>700.). Due to the nature of the paint for metallic finishes (CN, MS), the end finish is more prone to show a light blemish or texture change on the top of the table foot when light hits it directly. This is normal as a result of the metal transition from the weld underneath.

Order storage components separately:

- Drawer (CO207, CO208, CO209).
- Storage unit (C5010.).
- Work table reagent shelf (C4900.).
- C frame (CO205).

Maximum C frames or storage units using maximum number of stretchers and a 36"-high table base:

- For 36"-wide base: 2 C frames or 1 storage unit.
- For 48"-wide base: 4 C frames or 2 storage units.
- For 48S"-wide × 30"-deep base: 8 C frames (4 front/4 back) or 4 storage units.
- For 72"-wide base: 6 C frames or 3 storage units.

Order technology support and cord management accessories separately:

- Connect<sup>™</sup> S300 (Y1323.xxxxS).
- Flo® single-screen monitor arm (Y91171.CM).
- Flo plus monitor arm assembly (Y91174.xCM).
- Tablet support (Y91173.).
- Laptop mount (Y91177.).
- LE series keyboard solutions (Y7710.1).
- JAW™ adjustable CPU holder assembly (Y91103.).
- Cord cleat (G1331.).
- Cable management trough (AO382.).
- Cable trough (Y1200.).

Order Y1200.30 for a C461G.3036; order Y1200.42 for a C461G.3048.

Co/Struc® System Price Book (8/18)

#### Description

This freestanding 1" pin-adjustable table base has stretchers to support C frames, drawers, and storage units. Table base comes with 1" adjustable glides or 4" locking casters. Base finishes come in both metallic and standard healthcare finishes. Work table surface and available reagent shelf are ordered separately. The table has a load capacity of 500 pounds when weight is evenly distributed. Shipped knocked down.

#### Notes

Table with glides and work surface adjusts from 27" high to 36" high. Table with casters adjusts from 30" high to 38" high.

Order work table surface (C4700.) separately:

- 24" deep x 36" wide base is only compatible with a 24" deep x 36" wide work table surface.
- 24" deep × 48" wide base is compatible with a 24" deep × 48", 51" (left and right), 60" wide work table surface.
- 24" deep  $\times$  72" wide base is only compatible with a 24" deep  $\times$  72" wide work table surface.
- 30" deep × 36" wide base is only compatible with a 30" deep × 36" wide work table surface.
- 30" deep  $\times$  48" wide base is compatible with a 30" deep  $\times$  48", 51" (left and right), 60" wide work table surface.
- 30" deep  $\times$  48S" wide base is only compatible with a 36" deep  $\times$  72" wide work table surface.
- 30" deep  $\times$  72" wide base is only compatible with a 30" deep  $\times$  72" wide work table surface.

 $60^{\circ}$  wide work table surface (C4700.) overhangs on center of a  $48^{\circ}$ -wide table base.

51" wide (left and right) work table surfaces (C4700.) overhang left or right of a 48"-wide table base.

Order drawer bearers separately, with work table surface (C4700.).

Order storage components separately:

- Drawer (CO207, CO208, CO209).
- Storage unit (C5010.).
- Work table reagent shelf (C4900.).
- C frame (CO205).

Maximum C frames or storage units using maximum number of stretchers and a 36"-high table base:

- For 36"-wide base: 2 C frames or 1 storage unit.
- For 48"-wide base: 4 C frames or 2 storage units.
- For 485"-wide × 30"-deep base: 8 C frames (4 front/4 back) or 4 storage units.
- For 72"-wide base: 6 C frames or 3 storage units.

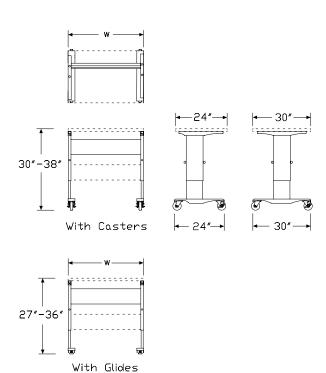

For tables adjusted below 32" high, C frames hang from top stretcher only, and storage units cannot mount.

Due to the nature of the paint for metallic finishes (CN, MS), the end finish is more prone to show a light blemish or texture change on the top of the table foot when light hits it directly. This is normal as a result of the metal transition from the weld underneath.

Order technology support and cord management accessories separately:

- Connect™ S300 (Y1323.xxxxS).
- Flo® single-screen monitor arm (Y91171.CM).
- Flo plus monitor arm assembly (Y91174.xCM).
- Tablet support (Y91173.).
- Laptop mount (Y91177.).
- LE series keyboard solutions (Y7710.1).
- JAW™ adjustable CPU holder assembly (Y91103.).
- Cord cleat (G1331.).
- Cable management trough (AO382.).
- Cable trough (Y1200.).

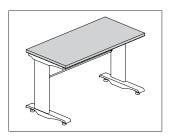

Order Y1200.30 for a C462x.3036; order Y1200.42 for a C462x.3048.

#### Description

This work table surface attaches to work table bases (C460G., C461G., C462G., C462C.). Predrilled holes accept drawer bearers ordered with the work surface. Surface material is available in laminate, Chemsurf®, Corian®, or phenolic resin.

#### Notes

Drawer bearers must be field installed.

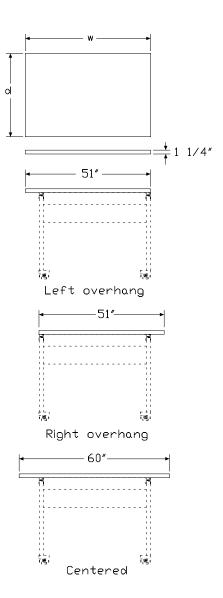

Only used on work table bases C460G., C461G., C462G., C462C., ordered separately. See table base information for work surface compatibilities and top load weight capacities.

Work table surface supports the following maximum pairs of drawer bearers (each pair has 1 left and 1 right bearer):

- For 36"-wide table: 1 pair.
- For 48"-wide table: 2 pair.
- For 485"-wide table: 4 pair (2 pair on either side).
- For 60"-wide table: 2 pair.
- For 72"-wide table: 3 pair.

Phenolic resin is 1" thick. When ordering adjustable work table base (C462C.) with phenolic resin top (C4700.xxxxP) that needs to be level with tables (C462C.) using laminate, Chemsurf, or Corian tops (C4700.L, C4700.K, C4700.C), order phenolic shim service part.

See Co/Struc® System planning guide for capacity information.

#### Description

This high-pressure laminate shelf attaches to work table bases to provide storage below the surface.

#### Notes

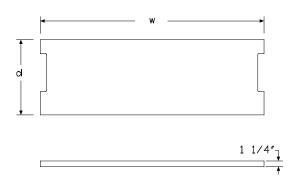

Compatible with basic work table base (C460G.), standard work table base (C461G.xxxxxxxxA), and adjustable work table base with upper stretcher placement only (C462x.xxxxxxA).

Compatible only with 36 "-high table bases, due to installation clearance needed.

16" deep shelf (C4900.16) is compatible with 24"- and 30"-deep table bases. 18" deep shelf (C4900.18) is compatible with only 30"-deep table bases.

Order warm grey neutral (WN) reagent shelf finish to complement a metallic champagne (CN) table base. Order cool grey neutral (CL) reagent shelf finish to complement a metallic silver (MS) table base. Reagent shelf (C4900.) rests on table base legs and is not height adjustable.

Description

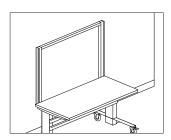

This piece divides a workstation riser frame into smaller sections and provides upright riser support for hanging components. The dividers bolt to the riser frame at predrilled attachment locations. Finish is black.

Notes

Order workstation (C4310. or C4311.) separately.

Description

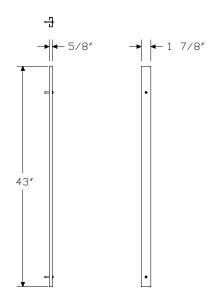

This metal cover finishes the exposed hardware on the end of a riser frame

V١	$\sim$	+	^	_

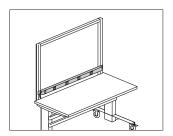

Specify 2 end covers per riser frame.

Specify end cover finish to match the corresponding finish of workstation (C4310. or C4311.) to which cover will be attached.

Order workstation (C4310. or C4311.) separately.

#### Description

This power strip mounts horizontally on hanger clips and provides single-circuit, 15-amp, 100-volt outlets on a riser frame. It has a lighted on/off switch with circuit breaker and an 8' cord. It is UL listed. Mounting hardware is included.

Power strips have the following number of outlets:

Width-Outlets

24"-4 outlets

30"-5 outlets

36"−6 outlets

48''-8 outlets

60"—10 outlets

72"—12 outlets

#### Notes

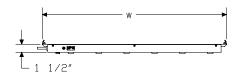

To mount power strip inside riser frame (vertically), specify 36" width.

Specify power strip finish to match the corresponding finish of workstation (C4310. or C4311.) to which it will be attached.

Order workstation (C4310. or C4311.) separately.

For lab modules (C1112., C1114.) and support panels (C1150., C1151.), power strip can be specified as part of the product.

### Product Information

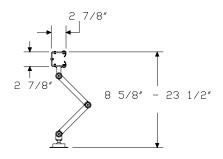

#### Description

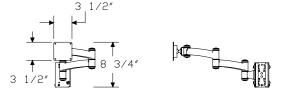

This arm mounts to a workstation riser frame and holds a flat panel display monitor. The arm meets VESA standards (Video Electronic Standards Association - Mounting Interface Standards) with a 100 mm or 75 mm mounting pattern. It provides 360° monitor rotation and 60° horizontal and vertical tilt range. Finish is black. Mounting hardware is included. Finish is black.

#### Description

This 24"-deep, 48"-wide structure hangs from 2 24"-wide panels or freestanding modules or from 3 wall strips. It supports drawer storage on the left or right side and a sink unit on the other side. The maximum cutout for the sink is  $18^1/_4$ " deep ×  $19^5/_8$ " wide. The surface includes a front panel and side panels to conceal the bottom of the sink and left and right work surface supports. Attachment hardware is included. Shipped knocked down.

#### Notes

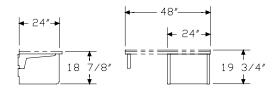

Order storage components for open space opposite sink unit separately:

- Drawer bearers (CO228 or CO396)
- Drawer caddy with casters (CO692. or CO693.)
- Gripper package (CO266) and C frame (CO205) for Co/Struc® drawers
- L cart (CO212) and single counter top (CO555) for C frames and drawers when surface is mounted 38" above floor
- Storage case (C5040.2422) and 24"-wide Co/Struc adapter rail (C1610.24)

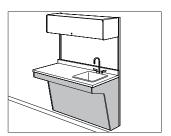

Sink must be customer supplied and field installed.

Storage unit (C5010.) cannot mount under sink unit.

Order standard duty work surface (C2142.) with solid surface option (K) separately.

Description

This leg supports a storage case mounted under a heavy-duty work surface. It provides support when the work surface holds heavy loads. The legs adjust in 1/2" increments to allow a work surface height of 34" to 38". Leg finish is medium tone.

Notes

Order storage case (C5040.) separately.

Dimensions

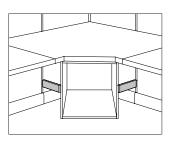

### Specification Information

Step 1.

C5050.

\$179

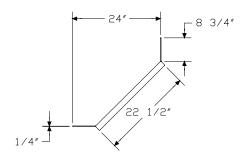

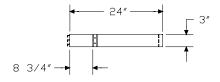

#### Description

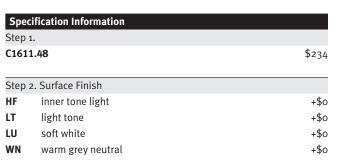

This support rail attaches to wall strips or to 24"-wide panels or modules joined by an Action Office® Series 1 or 2 corner connector or a C-series corner connector. It supports a storage case hung from a 48"-wide, 24"-or 30"-deep heavy-duty corner work surface.

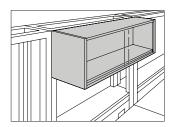

#### Notes

Order storage case (C5040.) separately.

Description

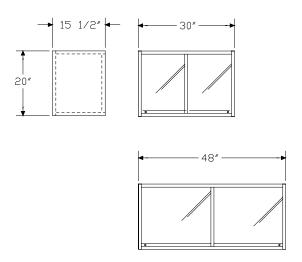

This unit hangs on a module, support panel, or wall strips above a work surface. It has sliding glass doors. Shipped knocked down.

#### Notes

Order optional task light separately:

• Utility task light (G6136.)

Description

This 3"-wide clip fastens to the edge of a metal shelf and holds content labels. Stick-on labels can be applied to the front of the clip or slide-in labels can be inserted from the back. Package contains 36 clear clips.

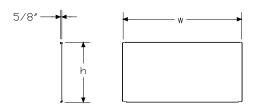

#### Description

This enclosed storage unit hangs on rails for stationary storage, or it is used with the TR $_3$  cart for mobile storage. The locker has 20 drawer slots in  $_3$ " increments and holds interchangeable components.

The locker has the following lock options: no lock, keyed lock, or keyless lock. The keyless lock mounts on the right-hand side and front of the locker. It includes a back-up keyed lock and has 89 potential user codes and 11 potential supervisor codes. The keyless lock is shipped with 6 AA batteries.

#### Notes

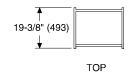

Order rail components separately:

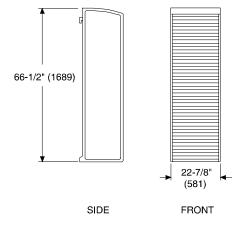

• Standard rail assembly (CO282)

Order transport/storage components separately:

- C tray/shelf (CO203)
- C wire shelf (CO252)
- Cassette assembly (CO<sub>5</sub>6<sub>5</sub>)
- Drawer (CO207, CO208, or CO209)
- Pullout catheter rack (CO469.)
- TR3 cart (CO342)

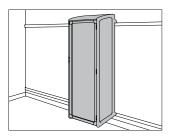

For general information on locks, see Keyed-Alike Information in Appendices.

#### Description

This enclosed, mobile storage unit holds interchangeable components to store and transport materials. The locker has 20 drawer slots in 3" increments and a counterweighted base with 5"-diameter casters (2 swivel and 2 swivel with brake). The tambour door slides vertically for access to locker materials. The locker does not include a handle; it is pushed or pulled by grasping the sides. It cannot be linked for multiple towing and cannot be transported in a truck.

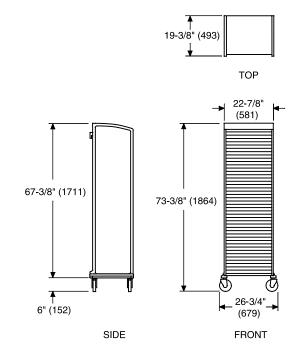

The locker has the following lock options: no lock, keyed lock, or keyless lock. The keyless lock mounts on the right-hand side and front of the locker. It includes a back-up keyed lock and has 89 potential user codes and 11 potential supervisor codes. The keyless lock is shipped with 6 AA batteries.

#### Notes

Order internal storage components separately:

- A-, B-, or C-size drawers (CO207, CO208, or CO209)
- C tray/shelf (CO203)
- C wire shelf (CO252)
- Cassette assembly (CO<sub>5</sub>6<sub>5</sub>)
- Pullout catheter rack (CO469.)

# Locker on Wheel Base, with Hinged Door

CO574

## Product Information

#### Description

This enclosed, mobile storage unit holds interchangeable components to store and transport materials. The locker has 20 drawer slots in 3" increments and a counterweighted base with 5"-diameter casters (2 swivel and 2 swivel with brake). The door is hinged at the right and swings open for access to locker materials. The locker does not include a handle; it is pushed or pulled by grasping the sides. It cannot be linked for multiple towing and cannot be transported in a truck.

Available with no lock, keyless, or a keyed lock.

#### Notes

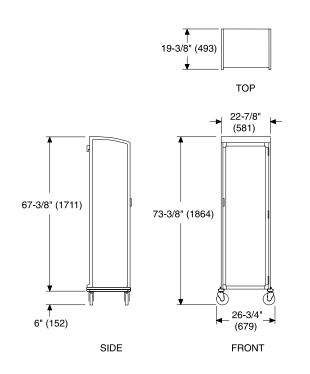

Door frame color matches locker color.

Order internal storage components separately:

- A-, B-, or C-size drawers (CO207, CO208, or CO209)
- C tray/shelf (CO203)
- C wire shelf (CO252)
- Cassette assembly (CO<sub>5</sub>6<sub>5</sub>)
- Pullout catheter rack (CO469.)

For general information on locks, see Keyed-Alike Information in Appendices.

#### Description

This mobile storage unit holds interchangeable components to store and transport materials. The locker has 20 drawer slots in 3" increments and a counterweighted base with 5"-diameter casters (2 swivel and 2 swivel with brake). The locker does not include a handle; it is pushed or pulled by grasping the sides. It cannot be linked for multiple towing and cannot be transported in a truck.

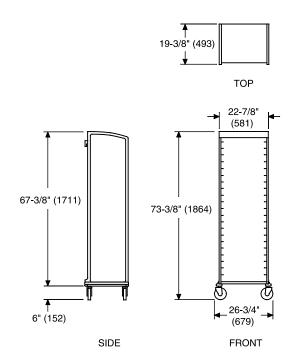

#### Notes

Order internal storage components separately:

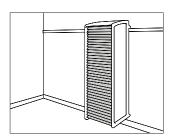

- A-, B-, or C-size drawers (CO207, CO208, or CO209)
- C tray/shelf (CO203)
- C wire shelf (CO252)
- Cassette assembly (CO565)
- Pullout catheter rack (CO469.)

Order optional locker tambour door (CO219) and locker lock kit (CO277) separately.

Order optional locker hinged door (CO290) separately.

#### Description

This 92"-high, enclosed cabinet attaches to an architectural wall and must stand on the floor. It has a tambour door that slides vertically for access to cabinet materials. The cabinet is available with or without a lock and holds components that support endoscopes and catheters. Attachment hardware is included.

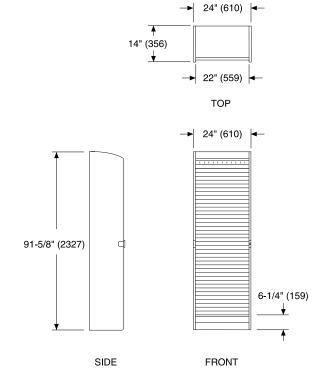

#### Notes

Order interior components separately:

- Cabinet floor (CV314.)
- Shelf support kit (CV317.)
- Distal tube bracket (CV311.)
- Endoscope bracket (CV310.)

For general information on locks, see Keyed-Alike Information in Appendices.

#### Description

This drawer fits into a locker or C frame and has stops to prevent accidental removal. It can also be mounted under a work surface using drawer bearers, ordered separately. The drawer is available with no lock, a keyed lock, or keyless lock.

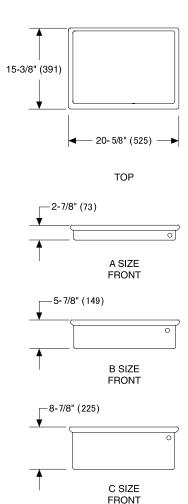

### Notes

To mount drawer under table or work surface, order drawer bearer package (CO228) or lockable drawer bearer (CO396) separately.

Order optional A-size subcontainer (CO231, CO232, CO233, CO234, CO235, or CO369) or B-size subcontainer (CO236, CO238, or CO240) separately.

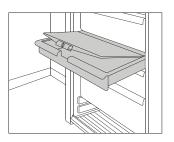

Drawer with keyless lock option (KP) cannot be used in locker with tambour door.

Keyed lock is located on right side; keyless lock is located on left side. For general information on locks, see Keyed-Alike Information in Appendices.

#### Description

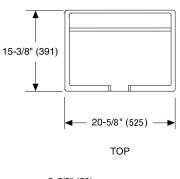

This drawer has a hinged steel lid that can be locked. The lid can open when the drawer is pulled out to a stop position; the lid cannot be removed.

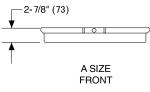

The drawer is 3", 6", or 9" high.

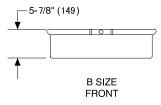

#### Notes

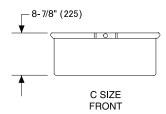

For B-size drawer with lockable lid, order A-size subcontainer only. For C-size drawer with lockable lid, order A- or B-size subcontainers only. For general information on locks, see Keyed-Alike Information in Appendices.

# 20-Day or Less/Assigned Lead-Time Order Information — Healthcare

### 20-Day or Less/Assigned Lead-Time Programs

20-day or less and assigned lead-time products are designed for established Herman Miller dealers with pre-approved credit.

Products are distributed from multiple manufacturing facilities across the United States. All products and options not designated by an Assigned Lead-Time icon  $\boxed{\mathbb{A}}$  will ship in 20 business days or less after being acknowledged by Herman Miller. Products and options designated by an  $\boxed{\mathbb{A}}$  are on the assigned lead-time program and will ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

#### **Ordering Procedure**

Please place orders through Order Manager. If this is not available to you, place orders through mail or fax. Verbal purchase orders will not be accepted.

Order Entry fax number: (616) 654 3085.

For more information, contact your Customer Care representative at:  $(866)\ 854\ 3048\ \text{EXT}\ 3400$ 

#### **Shipments and Delivery**

Per Herman Miller Terms and Conditions.

### **Changes and Cancellation**

Per Herman Miller Terms and Conditions.

# Packaging/Keyed-Alike Information — Co/Struc® System

#### Packaging

Packaging varies according to individual product. A surcharge may be added for special packaging requests. Contact Customer Care for specific information.

#### Keved-Alike Locks

All components with locks may be specified keyed alike.

Keyed-alike Co/Struc® components with a "CO" or "CV" prefix will be shipped with lock plugs installed. Mobile Technology Support products (CO600, CO601, and CO606) cannot be ordered keyed alike.

Keyed-alike Co/Struc components with a "C" prefix will be shipped with lock chassis installed. Lock plugs will be shipped separately, tagged for product and location as specified. Installation of lock plugs will be on-site according to instructions provided. Herman Miller, Inc., will not be responsible for lock plug installation.

To order keyed-alike locks for "C" prefix components, specify keyed alike. Then place a separate order for plugs and locks:

- List plug part number and key number (232092-XXX); select a key number (or numbers) between 226 and 324.
- 2. List quantity of locks per key number.
- Indicate this is a no charge order.Keyed-alike locks are field installed.

A Medeco master key can be used to open any lock on Co/Struc components with a "CO" or "CV" prefix, except for Mobile Technology Support products CO600, CO601, and CO606. Customers interested in ordering master keys should contact Customer Care with a written request. To remove lock plugs from existing components, loosen the hex nut inside the product and remove the plug. These locks are available in key numbers 01 through 99. To remove lock plugs from locker with electronic lock, remove the cover from the e-lock mounting plate (be careful not to separate battery wires from unit). Next, loosen the hex nut inside the cover and remove the plug.

A Hudson master key can be used to open any lock on Co/Struc components with a "C" prefix. To remove lock plugs from existing components, a removal key or lock change tool is required. Customers interested in ordering master keys, removal keys, or lock change tools should contact Customer Care with a written request. Locks for "C" prefix components are available in key numbers 226 through 324 but are ordered as key numbers 01 through 99. Use the following chart to cross-reference the number selection.
