

HermanMiller  
Flo® Power Hub

A trio of ports right  
at your fingertips

### **Flo Power Hub**

**Designed by Colebrook Bosson Saunders**

Flo Power Hub turns work surfaces into charging stations without compromising space. Use it with any Flo, Ollin, or Wishbone single clamp mount monitor arm to keep devices right where they should

be—within reach. Charge up to three devices at once or share power as needed with two standard 1-amp ports and one rapid charging 2.4-amp port.

## Performance

Flo Power Hub is designed to complement current technology and charge devices using USB connections. It's compatible with surface clamp-mounted Flo Modular (holding up to two monitors), Flo Single-Screen, Ollin Monitor Arms, and Wishbone monitor arms (holding up to two monitors).

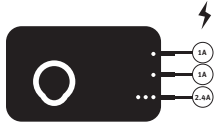

## Specifications

3 USB charging ports including two standard charge ports and one rapid charging port

1 x 2.4A rapid charge port

2 x 1A standard charge port

## Materials

### Finish

**White**  
(color matches light gray on cable management for white Flo and Ollin monitor arms)

**Silver**  
(for use with silver Flo, Ollin and Wishbone monitor arms)

## Products compatible with Flo Power Hub

Flo and Ollin two-piece clamp mount

Flo and Ollin low-profile clamp

Wishbone post top-mounting surface clamp

## Components

Flo Power Hub

Power Supply Unit (PSU)
